Executive Director

Dear Two Hearts Family,

Happy Spring! This is my favorite season as it speaks of new life everywhere. The flowers and trees blossoming, the days offering more light and best of all, refreshed greetings from strangers alike. That sense of renewal and hope is exactly what I love about serving others at Two Hearts!

Our “way” of operating collectively adds up to providing that to all who come through our doors. Our open-door policy, no appointment necessary. Our minimal requirements (just an ID). Our extensive inventory of items. Our ability to assist them with other resources in their immediate time of need. I could go on forever. Choosing life is the first step to a life-long stair climb in raising children and Two Hearts is there, before, during and after our mothers (and fathers) say yes. Our welcoming, unconditional “way” IS helping to heal our wounded world and instilling a culture of life without a doubt. That is what each of you are an integral part of! Every prayer, financial and physical donation and volunteer hour fuels our mission into life changing action. What a cause to celebrate!

In these uncertain, changing times I am ecstatic to say Two Hearts Pregnancy Aid is thriving! Faithful followers are showing up in every form; offering their time, talents, and treasures in unprecedented ways! I truly believe God is preparing this organization and all those a part of our Pro-Life community to stand up in a way that will carry us through any unforeseen storm! With that being said, I will sadly not be a direct part of that due to my upcoming move to California. I will be stepping down as Executive Director this month with the full faith this is part of God’s mysterious yet perfect plan. I will stay on as an Advisor as we transition into new leadership. Rachel Carrier, Board Member and active volunteer, will be standing in as Interim until we have found the right fit for this position. If you or someone you know would like to know more about this incredible way to serve, please call our office (425) 252-6444 or email us at [info@twoheartswa.org](mailto:info@twoheartswa.org).

As a military spouse, I have had to relocate and change jobs more than I care to count. Yet I have never been involved, professionally or personally, in such an incredible community. Having the support of others, many I have never met before, allowing me to embrace these mothers and families has been the most meaningful and humbling experience ever. When I get to hold a child WE had a part in fighting for, see a mom find stability or a father stand taller as he walks out our doors, I think of each of you and am certain our Two Hearts Family is right where we need to be. May the Lord bless each one of you in your unique way and strengthen you as you stand up and move forward into His call. Thank you from the bottom of my heart for allowing me to serve you and Two Hearts and our incredible families.

Humbly,

*Karla Curran, Executive Director*

## Our Mission

Our mission is to provide immediate and confidential help, hope, and support to women who are, or think they might be pregnant, and to families with young children. Our help is given freely without judgement and with no strings attached.
